Armada Residence Hotels

TAIF · KINGDOM OF SAUDI ARABIA

Welcome, partners. We are not looking for a booking — we are looking for a partnership that returns every season.

THE PROPOSITION

Two hotels in Taif. One for groups. One for families.

That is the whole proposition. You are not choosing between two similar addresses — you are choosing the one that matches the programme in your hand.
And when a programme needs both, you book them under one agreement, one rooming list and one commercial contact.

Airport Road

108
APARTMENTS

On the Al Hada corridor towards Makkah Al-Mukarramah. The larger inventory, multi-bed rooming, an equipped function hall and parking that takes a coach.

GROUPS · BUSINESS · UMRAH TRANSIT · LONG STAY

Al Shafa Road

60
UNITS · 98 BEDS

A residential quarter in Al-Sadad, four minutes from Al Ruddaf Park. Quieter, smaller, and built around family stays rather than movement.

FAMILIES · LEISURE · TOURISM · EXTENDED STAY

AT A GLANCE

The group in numbers.

Every figure is taken from the properties' own records. Nothing is estimated and nothing is rounded up.

Welcome, partners

We meet travel agents and tour operators as **partners, not accounts**. A partnership starts with information you can build on.

GROUPS & TRAVEL TRADE

Your group. Our priority.

A group is not a stack of individual bookings. It arrives together, eats together and leaves together — and it is run from one written plan issued to every department before the group lands.

01 Umrah Groups

- Transit stays on the route towards Makkah
- Multi-bed rooming for the whole party
- Breakfast for the full group
- Coordination agreed before arrival

02 Tourist & Leisure

- Family and multi-generation parties
- Programmes around Taif attractions
- Operator bookings in one file
- Both properties in one programme

03 Corporate

- Business stays with a function hall
- Company accommodation programmes
- Long stays in apartment-style units
- Consolidated billing arranged

04 Sports Groups

- Teams, federations and tournaments
- Twin rooming that keeps squads together
- Meals around training schedules
- Hall for technical briefings

05 Institutional

- Government and public-sector delegations
- Educational and training groups
- NGO and institutional programmes
- Written event order for every group

One written plan, issued before arrival: every confirmed group receives a written event order covering arrival, rooming, meals, hall use and departure — circulated to reception, housekeeping, food & beverage and accounts before the group lands, so no department improvises on the day.

HOW WE RUN YOUR GROUP

Six steps that never change.

From the first message to the final invoice a group is run by one named contact, on one written plan, through six steps that never change.

01
The enquiry
Send the programme, the dates and the party size to the commercial office.

02
The offer
Availability comes back within one working day, with a written contracted rate sheet.

03
The agreement
Rates, unit mix and meal arrangement are confirmed in writing and the allocation is held.

04
The rooming list
Reviewed and amended up to the agreed cut-off — names, pairings and special requests.

05
The event order
One written plan circulated to reception, housekeeping, food & beverage and accounts before the group lands.

06
Arrival and departure
Group check-in handled as one movement, and one consolidated account settled on departure.
